ABOUT ACULIST

Aculist provides business analytics, digital media and communications services for the real estate community. A wholly owned subsidiary of MLSListings, Inc., Aculist products convert MLS data into valuable business and market insights created for and by Realtors®.

We understand the need for clear, up-to-date market information and content tools that will save time and money.

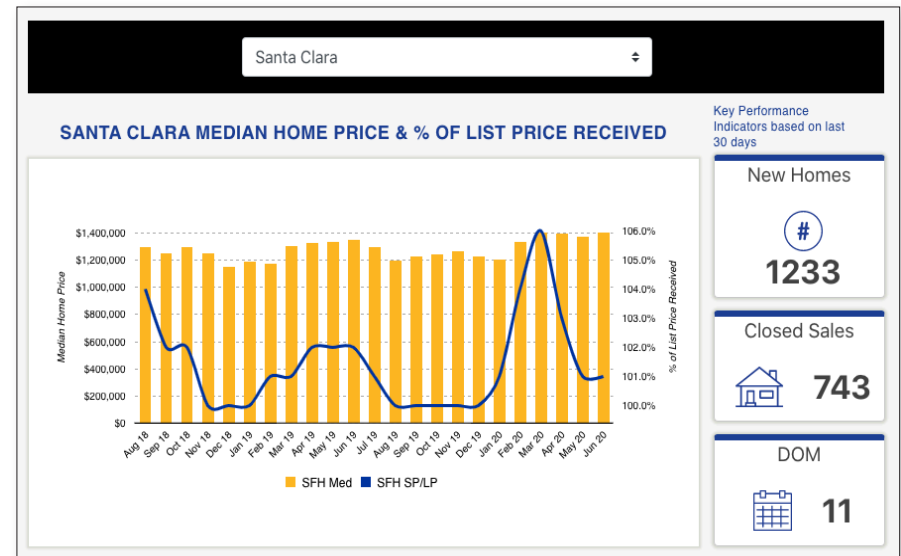

ACULIST REPORT PORTAL

Enhance your list of offerings by including Aculist Market Reports or Aculist Web Widgets to your agents.

The screenshot shows the Aculist Report Portal interface. At the top, there's a navigation bar with the Aculist logo, 'About Us', 'Request a Demo', 'How This Works', and a phone number. The main heading is 'Enter a City, ZIP Area, or School District to Request an Aculist Report'. Below this, a text input field contains 'City-San Jose (Santa Clara County)'. A handwritten note with an arrow points to this field, saying 'Start typing here and then select from the dropdown list'. Below the input field, it says '18 Total Reports for San Jose'. There are four report thumbnails displayed: 'San Jose City', 'San Jose Market Trends by City', 'San Jose Bedroom Range', and 'San Jose City Market Report'. Each thumbnail has a 'View Report Details' button. On the left side, there's a sidebar with the user's name 'Anna', account status, filters for property type (Single Family, Condo/Townhomes), report types (PDF Reports, Email Ready Reports, Subscriber Only Reports), and zip code (95116, 95138).

ACULIST WEB WIDGETS

Whether for fliers, social media or websites, Aculist products are seamlessly integrated into agent communication channels.

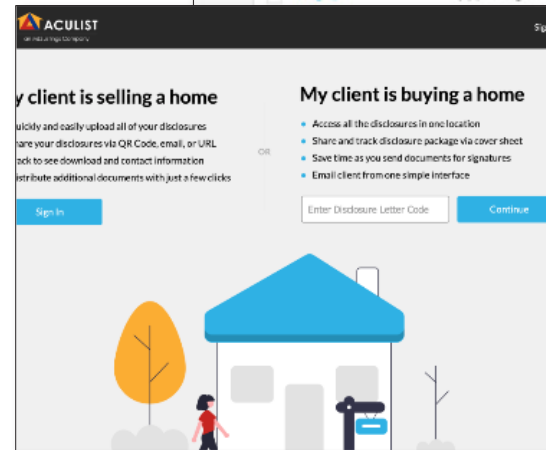

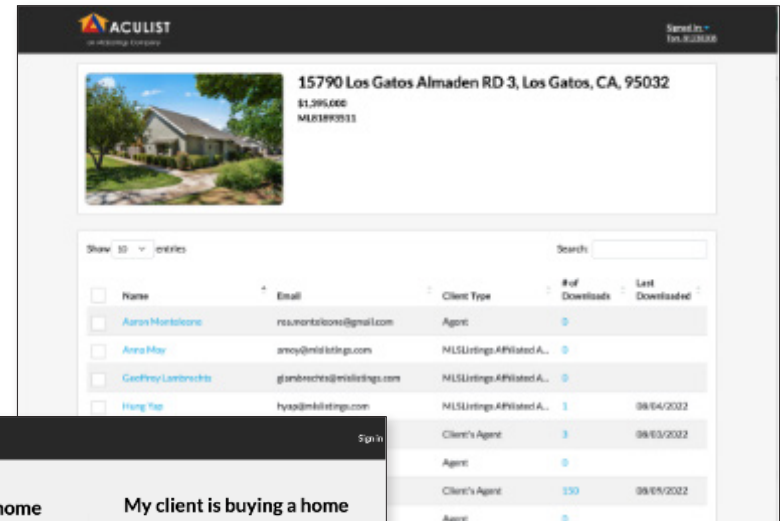

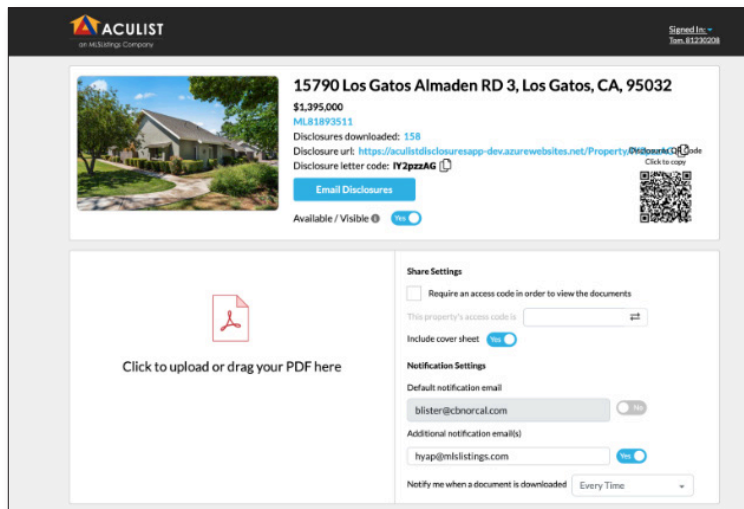

ACULIST MARKET DATA & TOOLS
